

SSC Specialized Training

Training is the cornerstone for assimilating your security policies and procedures into an actionable plan. SSC's nationally recognized experts can train you or your professionals.

SSC Corporate Intelligence

Training Programs:

- ◆ Counter Terrorism
- ◆ Homeland Security (includes Emergency Preparedness)
- ◆ Law Enforcement (includes Behavioral Pattern Recognition)
- ◆ Private Security Crime/Loss Prevention
- ◆ Customized Training (e.g. Workplace Violence, Personal Safety)

SSC provides world-class training.

Our team of specialists design, coordinate and train in all aspects of security operations. Our training programs can be onsite and specific to any client needs. We offer full scale functional exercises, table top applications, role playing, training based on real life situations, and more.

Our trainers bring an extensive spectrum of experience to our training modules. They have 21st century law enforcement and security practices backgrounds as well as knowledge gained from Israeli experience in hostile environments. SSC trainers are certified and recognized experts in security subject matter. They have a complete understanding of adult training methodologies and are equipped to get the toughest audiences engaged.
